Ayer's
Hair Vigor,

For restoring Gray Hair to its natural Vitality and Color.

A dressing which is at once agreeable, healthy, and effectual for preserving the hair. *Faded or gray hair is soon restored to its original color with the gloss and freshness of youth.* Thin hair is thickened, falling hair checked, and baldness often, though not always, cured by its use. Nothing can restore the hair where the follicles are destroyed, or the glands atrophied and decayed. But such as remain can be saved for usefulness by this application. Instead of fouling the hair with a pasty sediment, it will keep it clean and vigorous. Its occasional use will prevent the hair from turning gray or falling off, and consequently prevent baldness. Free from those deleterious substances which make some preparations dangerous and injurious to the hair, the Vigor can only benefit but not harm it. If wanted merely for a

HAIR DRESSING,

nothing else can be found so desirable. Containing neither oil nor dye, it does not soil white cambric, and yet lasts long on the hair, giving it a rich glossy lustre and a grateful perfume.

Prepared by Dr. J. C. Ayer & Co.,
PRACTICAL AND ANALYTICAL CHEMISTS,
LOWELL, MASS.
PRICE $1.00.

Ayer's Cherry Pectoral,

For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma, and Consumption.

Probably never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of *Croup*, it should be kept on hand in every family, and indeed all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although settled *Consumption* is thought incurable, still great numbers of cases where the disease seemed settled, have been completely cured, and the patient restored to sound health by the *Cherry Pectoral*. So complete is its mastery over the disorders of the Lungs and Throat, that the most obstinate of them yield to it. When nothing else could reach them, under the *Cherry Pectoral* they subside and disappear.

Singers and Public Speakers find great protection from it.

Asthma is always relieved and often wholly cured by it.

Bronchitis is generally cured by taking the *Cherry Pectoral* in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.

As its name implies, it does *Cure*, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in nowise injures any patient. The number and importance of its cures in the ague districts, are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or travelling through miasmatic localities, will be protected by taking the *AGUE CURE* daily.

For *Liver Complaints*, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.

For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. AYER & Co., Practical and Analytical Chemists, Lowell, Mass., and sold all round the world.

PRICE, $1.00 PER BOTTLE.

CHING FUN—A CARD—EDITOR British Colonist:—Through the medium of your paper I want to state the very great good that has been done me by Dr Ching Fun of this city, next door to Kwong, Lee & Co For 24 years I suffered with neuralgia on the brain, which baffled the skill of three first-class American physicians Latterly bronchitis attacked my right lung, and my eyes became awfully inflamed Despairing of ever being cured I placed myself as a last resort in the hands of Dr Ching Fun, and after five months' treatment I am a well man and feel that I cannot sound the eminent Chinese gentleman's praises too loudly, so that all my countrymen similarly affected may visit him and find relief Respectfully,

CURES AND COMFORT FOR THE BED-RIDDEN.
—BY
Holloway's Ointment.

This wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible spe

Diptheria, Bronchitis, Sore Throats, Coughs and Colds:

his class of diseases may be cured by well rubbing th Ointment, three times a day, upon the throat chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They can not be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act upon all the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked to in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from piles and similar complaints when they might be Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel

Are immediately relieved and ultimately cured if the ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Breasts,	Contracted and	Sore Nipples,	
Burns,	Stiff Joints,	Sore Throats,

Such Diseases are caused by VITIATED BLOOD. which is generally produced by derangement of the digestive organs.

Cleanse the vitiated Blood, whenever you find its impurities bursting through the skin in Pimples, Eruptions or Sores; cleanse it when you find it obstructed and sluggish in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy and all will be well.

THE GRAND PROMOTERS OF HEALTH.
HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for bilious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive, that the whole system is renovated, the organs of digestion strengthened, and tone and easy assimilation protected, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Giddiness of sight and other indications of apoplexy, are entirely dissipated by a course of this admirable medicine

The Female's Best Friend

For all debilitating disorders peculiar to the sex, and in every emergency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy While the Pills act upon the blood, which they purify, the Ointment passes through the pores of the skin, and cleanses every structure, as water sets into action as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthma has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion—Bilious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known the world for the following diseases:

THE BRITISH COLONIST.

Tuesday Morning, May 10, 1870.

Colonization.

Reverting to the "Emigrant and Colonist's Aid Corporation" we now proceed to give a brief outline of the *modus operandi* proposed to be pursued by the association. It proposes to effect its commercial-philanthropic object in the following manner: By obtaining concessions of land, by purchase or otherwise, on terms which will enable the corporation to subdivide it and make grants of intermediate portions thereof to settlers, either gratuitously or on easy terms; to provide passages for approved persons and advancing money for that purpose; by procuring for the settlers a suitable reception in the colony they may select, forwarding them from the point of debarkation to their homesteads, advising them as to the best mode of procedure, giving them such aid towards social organization as shall be the best calculated to secure to them a successful career in their new home, and assisting them in money and kind towards erecting their dwellings and cultivating their land; by assisting emigrant colonists of vocations other than agricultural to obtain employment suitable to their respective capacities; by making arrangements between colonial employers and mechanics and labourers, for their mutual advantage. In apportioning the land, it is proposed to adopt a plan of temporarily reserving, as nearly as possible, intermediate allotments between the localities of the different settlers, which, in course of time, must become valuable, from the mere fact of the adjoining land being settled; opportunities will thus be afforded to the prosperous settler of extending his borders, and to the Corporation of realizing profit. A strong inducement will thus be presented to capitalists to settle on the unoccupied land of the Corporation, since families with capital desiring to settle thereon can calculate on agricultural assistance in its immediate vicinity, among the emigrants sent out by the means of the Corporation itself. The Corporation proposes to repay its shareholders in the following manner:—By the repayment by the settler, with interest, of monies advanced to him on security of his allotment; by the allotment to the shareholders of parcels of land to be specifically reserved for them as aforementioned; and by the sale, at advanced prices, of reserved lots, townships, villages, and business sites, rendered valuable by the settlement of adjoining lots. The Corporation proposes to insure the life of every head of a family emigrating for the amount of advances made to him, the premium on the policy to be included in such advances. By these means the widows and children of settlers will have their heritage free from the debt created by the head of the family, while, on the other hand, the Corporation will recover its advances without injuring those whom it desires to protect. The Corporation will also undertake to contract with Colonial Governments for the management of emigration. It is assumed that the respective Colonial Governments will afford liberal assistance to the Corporation, and it is believed that several of them will undertake the collection and guarantee the repayment of the advances made to emigrants settling in their colonies. An example is given in the published prospectus, of the method in which an estate of 40,000 acres would be dealt with under the scheme laid down. Outlay: Passage-money for 200 families, averaging 5 statute adults per family, at £10 per adult, £10,000; advances of £50 to each family, on account of stock, dwellings, subsistence, insurance, &c, £10,000; purchase of land, of which 10,000 acres will be given to the above 200 families, free, and which will cost, at 5s. per acre £2,500; cost of remaining 30,000 acres retained by the Corporation £7,500. Total, £30,000. Reimbursement: Repayment of advances to emigrants £20,000; sale and disposal of 30,000 acres of land as follows:—4000 acres for roads, schools, &c,——; 25,000 acres at 15s per acre £18,750; 1000 acres for town sites, villages, and business sites at £10 per acre £10,000. Total £48,750. Thus leaving a balance for working expenses and profit of £18,750. The foregoing may be accepted as a sort of rough and ready outline of the scheme now being put in active operation in England, and although doubtless far from perfect, we are disposed to regard it as, in the main, one which will commend itself to the practical mind. The details of the scheme evince considerable familiarity with practical colonization, and we have no doubt that a little experience will enable the Directors of the 'Emigrant and Colonist's Aid Corporation' to adjust any imperfections which may possibly present themselves in the actual working of the machinery. The really practical question for us to consider is whether we can, as a Colony, avail ourselves of the advantages offered by such an organization. That the greatest want is just such an addition to our population as would be attained through the agency of this Corporation will be admitted on all hands; and it may be taken for granted that it is only necessary to meet the projectors of the scheme in a spirit of becoming liberality in order to realize our highest wish. We have no money, but we have abundance of the very best of land; consequently, British Columbia is just such a customer as will meet the views of the Corporation. They want land eligibly situated for their purposes. We want emigrants of the class they propose sending, and under the circumstances with which they propose surrounding the subjects of their operations. As was stated in a previous article, we have reason to know that the Governor is in communication with the association, and has the matter under his consideration. But His Excellency, in common with the Directors of the association, is naturally desirous to see some interest manifested in the movement on the part of the people. Immediate steps should, therefore, be taken for having the question properly discussed, with a view to eliciting a definite expression of public sentiment as to the desirability of co-operating with the Corporation referred to, and upon what terms,—what land grants should be made, and where the first "Colony" should be located.

WELL DONE, ONTARIO.—The confirmation of the news of Scott's murder at Fort Garry appears to have thrilled the heart of Ontario. People in tens of thousands flocked to "Indignation meetings," and the feeling of the old Cornish men was revived:

"And must Trelawney die?
Then forty thousand Cornish men shall know the reason why."

Ontario announced her readiness to send 40,000 men and to raise at once $1,000,000, to avenge the death of Scott.

From Kootenay.

Mr. Johnston, the Kootenay expressman, arrived in this city yesterday, having left Perry Creek on the 18th of April and returned *via* Spokane and Colville. The season at the several camps was late, and snow still lay on Perry Creek, consequently but few claims were working. The few that had started were paying satisfactorily. On Wild Horse Creek the Ditch Company were making extensive preparations to increase their supply of water, as the miners are confident that the greater part of the Creek will pay for Hydraulic washing. The miners were employed in winter drifting, tunnelling, &c., and made wages on an average. The weather had begun to be more favorable, and work was resumed for the season. The Winter season was mild until the March storm, which extended all over that section of the country, retarding the working of the mines considerably. The means of access to these outlying camps are very difficult, and travelling must be done on snow shoes at this season of the year. On the return trip the weather suddenly changed to a mild and warm temperature and the creeks and small streams are all high and difficult to cross, in most instances the bridges being washed away. A midnight stampede occurred on the 15th April to a creek supposed to be down the Kootenay river. Nothing definite was heard from there previous to leaving. Cedar creek, in Montana Territory, was attracting considerable attention and numbers was going to and from there. These new diggings have got a great name, but it is estimated there are one hundred men on this creek for every claim located. The old residents still come back to Kootenay, having that confidence they formerly had. Met about twenty between the Camp and the Spokane, on the way in, and others from Colville. Met Mr Finlayson and Mr McDonald and party, on the morning of the 24th April, 200 miles from Kootenay, all well. The Price party was about two days behind the H B party, but did not see them.

The miners are well supplied with provisions and cheap. Flour has been selling as low as $12 per 100lbs. There were two pack trains on the way loaded with produce —Decker from Walla and Oppenheimer from Colville. As soon as the roads are made passable there will be considerable packing done. A Walla Walla packer enquired the state of the roads to Hope, as he has a contract to pack for the Chinese. He was informed of the appropriations made at the sitting of the Council, and made no doubt as to the Government using every means to open the roads early and speedily. The road from Semilkameen to Hope, independent of snow, is in a very bad state, owing to a large amount of fallen timber. If this section is properly looked after packing can be done by the 1st June next. The snow is about four feet on the summit at present. The inhabitants in the Kootenay district enjoyed good health during the winter; there was neither sickness nor death. Mr Phillips' store was burned in the beginning of April. There were at the time of the fire a large quantity of furs, goods, &c, on the premises totally consumed, loss estimated at $8000. The people are pleased to learn they are to have a resident magistrate and a regular mail. A bonded warehouse is also much required.

On Rock creek the Flume Company had got into rich ground prospecting from one to three bits to the pan. Eighteen men were employed and a large wash-up was anticipated on the 15th inst. The steamer Forty-nine was expected every day down at Colville. The road to Kootenay *via* Colville affords every convenience to travelers, plenty of good grass for animals, and on the Columbia a good ferry-boat and an attentive ferryman. The Shepherd route will be open for trains about the 15th July. Reports reached Colville of a strike being made on Canoe river, but it lacked confirmation. Diggings are certainly known to exist, and when the water subsides much more will be known about them.

EXIT VELOCIPEDE.—How are the mighty fallen! Awhile ago everybody that was anyboy must have a velocipede. Now there are none so poor as to do the crazy things reverence. Awhile ago velocipede-balls were opened to all directions. Ladies and gentlemen had to learn to mount and manage the unstable (and unstabled) horse on wheels. In Europe and America velocipede journeys, races and so on, became 'all the rage.' Now a velocipede-ball is unheard of. Even in gymnasiums the 'bicycle' is no longer seen As for a sight of one on the sidewalks or streets or the country roads it is not to be had. The bicycle has been snuffed out like a tallow candle. At a public sale, the other day, a few of these velocipedes were put for the competition of purchasers. They cost $150 each and yet not a bid could be had ot over $10 or $12, and these bids were made by virtuosi who wanted to put the things away as curiosities for the inspection of the next generation. Riding a velocipede is hard work. When you ride a horse the animal does the work and you enjoy yourself. Mounted on a bicycle the toil and exertion is all the rider's; the machine takes it easy. Good-by bicycle.

THE people of Puget Sound warmly welcomed their new Governor, Salomon. At all the ports he was received with salutes and manifestations of rejoicing. At Seattle the California laid over one day and the Governor attended a ball given in his honor. At Steilacoom the steamer was detained four hours by the state of the tide and the citizens drove Gov. Salomon and staff to the lakes and other points of interest in the county. At Olympia the Governor held a *levee* at the house of Colonel Ross, Indian Agent, and was visited by hundreds. His Excellency is a German, and promises to promote the immigration of 300 families from Germany to Puget Sound.

BALL.—The ball to be given on Friday evening for the benefit of M and Mme Sandrie, promises to be a large, respectable and pleasant affair. All classes appear anxious to assist the worthy couple, who have grown old here and of late have become incapaciated, by reason of their infirmities, from earning a livelihood. The case is one that appeals directly to the tender sympathy of all, and if we know Victorians as well as we think we do, the appeal will not be in vain. Tickets have been fixed at the low price of $2 50, and may be had of Hibben & Co or any member of the Committee.

The Cuban General Jordan and staff have arrived here to procure munitions of war. He visits Washington and returns to Cuba. It is reported the campaign in Cuba is substantially ended for the present and resulted in favor of the Cubans, who are in better condition than ever and the success of the revolution depends only on time. Immigration.

EDITOR BRITISH COLONIST:—It is a singular fact and somewhat humiliating, that comparative strangers take a greater interest in our welfare than we ourselves do, and that we who are so enamored of responsible government decline to take any responsibility.

The government is expected to provide telegraphic and steam communication, construct roads to every settler's door, establish free schools and conduct emigration to our shores.

I am led to these remarks by your notice of a scheme of emigration propounded by 'H A' in your last number. It does certainly seem to be a favorable opportunity for launching forth such a scheme. Under the new Land Bill the Governor has power to issue free grants of land, and it would be strange if a few thousand acres could not be set apart out of our immense territory for emigration purposes. As you observe, the only population likely to do us permanent good is that of an agricultural class. Will your correspondent then kindly point out how the scheme can be carried out? It would not be a difficult matter to form a committee for this object, and if necessary I doubt not that many persons could be found who would take shares in the 'Emigrant and Colonist's Aid Corporation.'

Yours, E. G. A

Betts's Capsule Patents.

TO PREVENT INFRINGEMENTS, NOTICE IS HEREBY GIVEN that BETTS' NAME is ON EVERY CAPSULE he makes for the principal merchants in England and France, thus enabling vendor, purchaser and consumer not only to identify the genuineness of the Capsule, but likewise the contents of the vessel to which it is applied. The Lord Chancellor, in his judgment, on the 8th February, 1864, said that the Capsules are not used merely for the purpose of the ornament, but that they are serviceable in protecting the wine from injury and insuring its genuineness.

Miscellaneous.

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H. I. H. Prince Napoleon

PARIS.

These different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the faculty in the whole world. They widely differ from those numerous medicines advertised in the public paper as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France, with regard to the sale of medical preparations, and only those which have undergone an examination by the Academy of Medicine, and have been proved efficacious, either in the Hospitals, or in the practice of the first medical men, are authorized by the Government. This fact must be a guarantee for the excellency of Messrs. GRIMAULT & Co's medicines.

Women's and Children's Diseases.

Grimault's Syrup of Iodized Horse Radish.

Patronized for more than twenty years by the Paris Physicians. Cures lymphatism, rachitism, scrofula, congestion of the glands of the neck, paleness and flabbiness of the flesh, loss of appetite, weakness of constitution, the various eruptions on the face, boils, pimples, itchings,—It is the best remedy against the first stage of consumption, and it is the most powerful depurative known.

DOCTOR LERAS'

(Doctor of Medicine.)

SOLUBLE PHOSPHATE OF IRON.

Clear as spring water and tasteless; has the advantage over all ferruginous preparations of containing iron and Phosphorous, which are the elements of the blood. It cures chlorosis, pains in the stomach, difficult digestions, dismenorrhea, anæmia, general debility and poorness of the blood, and agrees especially with the most delicate stomachs.

LUNG DISEASES.

Grimault's Syrup of Hypophosphite of Lime.

It is the best and the most rational of all remedies against consumption. Under its influence the cough abates, the night sweats cease, and the patient rapidly recovers health. THE PERFECTION OF PREPARED COCOA

MARAVILLA COCOA.

SOLE PROPRIETORS,

TAYLOR BROTHERS,

LONDON.

THE COCOA (OR CACAO) OF MARAVILLA is the true THEOBROMA LINNÆUS. Cocoa is indigenous to South America, of which Maravilla is a favored portion. TAYLOR BROTHERS having secured the exclusive supply of this unrivalled Cocoa, have, by the skilful application of their soluble principle and elaborate machinery, produced what is so undeniably the perfection of prepared Cocoa, that it has not only secured the preference of homœopaths and cocoa-drinkers generally, but many who had hitherto not found any preparat on to suit them, have after one trial, adopted the Maravilla Cocoa as their constant beverage for breakfast, luncheon, &c.

"AN UNPRECEDENTED SUCCESS."

See following Extract from the Globe of May 14, 1868.]

"Various importers and manufacturers have attempted to attain a reputation for their prepared Cocoas, but we doubt whether any thorough success had been achieved until Messrs Taylor Brothers discovered the extraordinary qualities of "Maravilla" Cocoa.

Adapting their perfect system of preparation to this the finest of all species of the Theobroma, they have produced an article which supersedes every other Cocoa in the market. Entire Solubility, a delicate aroma and a rare concentration of the purest elements of nutrition, distinguish the Maravilla Cocoa above all others. For Homœopaths and invalids we could not recommend a more agreeable or valuable beverage."

Sold in packets only by all Grocers, of whom also may be had Taylor Brothers' Original HOMŒOPATHIC COCOA and SOLUBLE CHOCOLATE.

DYSENTERY, CHOLERA, FEVER, AGUE, COUGHS, COLDS, &c.

DR J. COLLIS BROWNE'S
(Ex Army Med Staff)

CHLORODYNE,

IS THE ORIGINAL AND ONLY GENUINE.

CAUTION—Vice-Chancellor Sir W. P. Wood stated that DR J. COLLIS BROWNE was undoubtedly the inventor of CHLORODYNE, that the story of the defendant, Freeman, being the inventor was deliberately untrue which he regretted had been sworn to. Eminent Hospital Physicians of London stated that Dr J Collis Browne was the discoverer of Chlorodyne, that they prescribe it largely, and mean no other than Dr Browne's.—See TIMES, July 13, 1864.

The Public therefore are cautioned against using any other than

Dr J Collis Browne's Chlorodyne,

REMEDIAL USES AND ACTION.

This INVALUABLE REMEDY produces quiet, refreshing sleep, relieves pain, calms the nervous system, restores the deranged functions and stimulates healthy action of the secretions of the body without creating any of those unpleasant results attending the use of opium. Old and young may take it at all hours and times when requisite. Thousands of persons testify to its marvellous good effects and wonderful cures, while medical men extol its virtues most extensively using it in great quantities in the following diseases:—

Diseases in which it is found eminently useful—Cholera Dysentery, Diarrhœa, Colics, Coughs, Asthma, Cramp Rheumatism, Neuralgia, Whooping Cough, Hysteria, &c.

EXTRACTS FROM MEDICAL OPINIONS

The Right Hon Earl Russell communicated to the College of Physicians and J T Davenport that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See Lancet, Dec 31, 1864.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when other medicines had failed."

Dr Lowe, Medical Missionary in India, reports (Dec. 1865) that in nearly every case of Cholera in which Dr J Collis Browne's Chlorodyne was administered, the patient recovered.

Extract from Medical Times, Jan 10, 1866—Chlorodyne is prescribed by scores of orthodox medical practitioners. Of course it would not thus be singularly popular did it not supply a want and fill a place.

Extract from the General Board of Health, London, as to its efficacy in Cholera.—So strongly are we convinced of the immense value of this remedy that we cannot too forcibly urge the necessity of adopting it in all cases.

Beware of spurious and dangerous compounds sold as CHLORODYNE from which frequent fatal results have followed.

See leading article, Parmaceutical Journal, Aug 1, 1869, which states that Dr J Collis Browne was the inventor of Chlorodyne that it is always right to use his preparation when Chlorodyne is ordered.

CAUTION—None genuine without the words 'Dr J Collis Browne' on the Government stamp. Overwhelming medical testimony accompanies each bottle.

Miscellaneous.

Ayer's Sarsaparilla,

FOR PURIFYING THE BLOOD.

The reputation this excellent medicine enjoys, is derived from its cures, many of which are truly marvellous. Inveterate cases of Scrofulous disease, where the system seemed saturated with corruption, have been purified and cured by it. Scrofulous affections and disorders, which were aggravated by the scrofulous contamination until they were painfully afflicting, have been radically cured in such great numbers in almost every section of the country, that the public scarcely need to be informed of its virtues or uses.

Scrofulous poison is one of the most destructive enemies of our race. Often, this unseen and unfelt tenant of the organism undermines the constitution, and invites the attack of enfeebling or fatal diseases, without exciting a suspicion of its presence. Again, it seems to breed infection throughout the body, and then, on some favorable occasion, rapidly develop into one or other of its hideous forms, either on the surface or among the vitals. In the latter, tubercles may be suddenly deposited in the lungs or heart, or tumors formed in the liver, or it shows its presence by eruptions on the skin, or foul ulcerations on some part of the body. Hence the occasional use of a bottle of this *Sarsaparilla* is advisable, even when no active symptoms of disease appear. Persons afflicted with the following complaints generally find immediate relief, and, at length, cure, by the use of this *SARSAPARILLA: St. Anthony's Fire, Rose or Erysipelas, Tetter, Salt Rheum, Scald Head, Ringworm, Sore Eyes, Sore Ears*, and other eruptions or visible forms of *Scrofulous* disease. Also in the more concealed forms, as *Dyspepsia, Dropsy, Heart Disease, Fits, Epilepsy, Neuralgia*, and the various *Ulcerous* affections of the muscular and nervous systems.

Syphilis or *Venereal* and *Mercurial Diseases* are cured by it, though a long time is required for subduing these obstinate maladies by any medicine. But long continued use of this medicine will cure the complaint. *Leucorrhœa* or *Whites, Uterine Ulcerations*, and *Female Diseases*, are commonly soon relieved and ultimately cured by its purifying and invigorating effect. Minute Directions for each case are found in our Almanac, supplied gratis. *Rheumatism* and *Gout*, when caused by accumulations of extraneous matters in the blood, yield quickly to it, as also *Liver Complaints, Torpidity, Congestion* or *Inflammation* of the *Liver*, and *Jaundice*, when arising, as they often do, from the rankling poisons in the blood. This *SARSAPARILLA* is a great restorer for the strength and vigor of the system. Those who are *Languid* and *Listless, Despondent, Sleepless*, and troubled with *Nervous Apprehensions* or *Fears*, or any of the affections symptomatic of *Weakness*, will find immediate relief and convincing evidence of its restorative power upon trial.

Ayer's Cathartic Pills,

For all the purposes of a Laxative Medicine.

Perhaps no one Medicine is so universally required by everybody as a cathartic, nor was ever any before so universally adopted into use, in every country and among all classes, as this mild but efficient purgative *Pill*. The obvious reason is, that it is a more reliable and far more effectual remedy than any other. Those who have tried it, know that it cured them: those who have not, know that it cures their neighbors and friends, and all know that what it does once it does always—that it never fails through any fault or neglect of its composition. We have thousands upon thousands of certificates of their remarkable cures of the following complaints, but such cures are known in every neighborhood, and we need not publish them. Adapted to all ages and conditions in all climates; containing neither calomel or any deleterious drug, they may be taken with safety by anybody. Their sugar coating preserves them ever fresh and makes them pleasant to take, while being purely vegetable no harm can arise from their use in any quantity.

They operate by their powerful influence on the internal viscera to purify the blood and stimulate it into healthy action—remove the obstructions of the stomach, bowels, liver, and other organs of the body, restoring their irregular action to health, and by correcting, wherever they exist, such derangements as are the first origin of disease.

Minute directions are given in the wrapper on the box, for the following complaints, which these *Pills* rapidly cure:—

For **Dyspepsia** or **Indigestion, Listlessness, Languor** and **Loss of Appetite**, they should be taken moderately to stimulate the stomach and restore its healthy tone and action.

For **Liver Complaint** and its various symptoms, **Bilious Headache, Sick Headache, Jaundice** or **Green Sickness, Bilious Colic** and **Bilious Fevers**, they should be judiciously taken for each case, to correct the diseased action or remove the obstructions which cause it.

For **Dysentery** or **Diarrhœa**, but one mild dose is generally required.

For **Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back** and **Loins**, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaints disappear.

For **Dropsy** and **Dropsical Swellings** they should be taken in large and frequent doses to produce the effect of a drastic purge.

For **Suppression** a large dose should be taken as it produces the desired effect by sympathy.

As a *Dinner Pill*, take one or two *Pills* to promote digestion and relieve the stomach.

An occasional dose stimulates the stomach and bowels into healthy action, restores the appetite, and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that a dose of these *Pills* makes him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.
